### **Accommodation, Food and Transportation**

We've ensured that all volunteers are provided with comfortable accommodation, with each volunteer having their own separate room. Our accommodations are conveniently located within walking distance to the project site, ensuring a short commute of approximately 15 minutes. Meals will be provided for volunteers, courtesy of the project in collaboration with ICYE Ghana, allowing volunteers to focus on their work without worrying about food arrangements.

Living alongside fellow volunteers, both local and foreign, offers a unique opportunity for integration into the community. This setup facilitates cultural exchange and enables volunteers to quickly immerse themselves in the local environment. By sharing living spaces with others, volunteers can build friendships, learn from each other, and contribute to a vibrant and supportive community atmosphere.

With comfortable living arrangements and the chance to connect with fellow volunteers and community members, your volunteering experience will be enriched both professionally and personally. Join us in making a meaningful impact while enjoying the camaraderie of like-minded individuals.
